1 Name, Scope and Level of the Course
The course is provided by the University of Skövde and is named English: Research Presentation G1N. It comprises 4.5 credits and is on basic level. The level of progression of the course is G1N.

2 Objectives
After completed course the student should be able to:

- hold well-prepared oral research presentations supported by well-designed visual aids
- ask and answer relevant questions after research presentations
- reflect on advice about how to prepare and hold conference presentations

3 Course Content
The course deals with advice on how to prepare and hold oral conference presentations in a good way, including how to design suitable visual aids in PowerPoint. Linguistic aspects such as pronunciation, spelling and grammar are also touched upon. The students are given the opportunity to discuss different ways of holding conference presentations including previous experience, if any. Each student holds a short and a long presentation and answers questions from the other students.

4 Forms of Teaching
The teaching comprises lectures and seminars/group discussions.

The teaching is conducted in English.

5 Examination
The course is graded G (Pass) or U (Fail).

Students with a permanent disability who have been approved for special educational support may be offered adapted or alternative examinations.

6 Admission Requirements
The special prerequisite for this course, besides basic eligibility for university studies, is field eligibility A2/2: English B (or the equivalent).

7 Subject, Main Field of Study and Disciplinary Domain
The course forms a part of the academic subject area of English. The course is not a part of any main field of study at the University of Skövde. The disciplinary domain of the course is the Humanities.

Every course at the University of Skövde belongs to a subject. The division of subjects is used for follow-up and quality assurance. A main field of study is an area in which a degree can be awarded. Disciplinary domain is a division which is used by the government...
for the allocation of resources for studies at basic level and advanced level.

8 Approval of Course and Course Syllabus
The course was approved by the Curriculum Committee for Health on 27 February 2019. This course syllabus was approved by the Curriculum Committee for Health on 27 February 2019. It is valid from 1 July 2019.

9 Overlapping with Another Course
This course cannot constitute a part of a degree also containing a course the content of which is totally or partly equivalent to the content of this course.

10 Additional Information
Further information will be available on the university’s website before a course is given.
National and local regulations for higher education are available on the university’s website.

Upon completion of the course there will be a follow-up. The main purpose of this follow-up is to contribute to improvements of the course. The students’ experiences and views constitute one of the criteria for the follow-up and are gathered by means of course evaluations. The students will be informed of the results of the follow-up and any decisions regarding actions that are to be taken.

11 Course Literature and Other Educational Materials

Supplementary material provided by the teacher on the learning platform.
