1 Name, Scope and Level of the Course
The course is provided by the University of Skövde and is named Animation Project G1F. It comprises 15 credits and is on basic level. The level of progression of the course is G1F.

2 Objectives
After completed course the student should be able to:

- apply scientific results in the animation process and critically review the outcome,
- manage an area within the animation process and on this basis delegate tasks,
- plan, structure and carry out an animation project in dialogue with other project participants,
- create graphics for set technical limitations and a graphical theme, and
- use animation to visualize ideas for game play.

Depending on the study period, the language of tuition may be Swedish or English. Even if the teaching is conducted in Swedish, some English may still occur.

3 Course Content
The primary task in the course is to work in a team and create an animated sequence that visualizes a game idea. The projects are preceded by a short period in which all participants practice their abilities to create 3D graphics. The animated sequence is followed by a section where each participant relates a part of its project to scientific publications and evaluate the results.

4 Forms of Teaching
The teaching comprises lectures, supervision, project work, presentations and seminars/group discussions.

5 Examination
The course is graded A (Excellent), B (Very good), C (Good), D (Satisfactory), E (Sufficient) or F (Fail).

Registration of examination results:

<table>
<thead>
<tr>
<th>Name of examination</th>
<th>Credits</th>
<th>Grading</th>
</tr>
</thead>
<tbody>
<tr>
<td>Assignment 1</td>
<td>5 credits</td>
<td>G/U</td>
</tr>
<tr>

</table>

\(^1\) Determines the final grade of the course.

Students with a permanent disability who have been approved for special educational support may be offered adapted or alternative examinations.

6 Admission Requirements
Prerequisite courses for this course are: Passed courses: ME161G-3D Graphics for Games G1N and ME337G-Project in Game Development I - Art G1F (or the equivalent).

7 Subject, Main Field of Study and Disciplinary Domain
The course forms a part of the academic subject area of Media Arts, Aesthetics and Narration. The course is a part of the main field of study in Media Arts, Aest-
etics and Narration at the University of Skövde. The disciplinary domain of the course is Technology.

Every course at the University of Skövde belongs to a subject. The division of subjects is used for follow-up and quality assurance. A main field of study is an area in which a degree can be awarded. Disciplinary domain is a division which is used by the government for the allocation of resources for studies at basic level and advanced level.

8 Approval of Course and Course Syllabus
The course was approved by the Curriculum Committee for Informatics on 8 February 2018. This course syllabus was approved by the Curriculum Committee for Informatics on 8 February 2018. It is valid from 1 July 2018.

9 Overlapping with Another Course
This course cannot constitute a part of a degree also containing a course the content of which is totally or partly equivalent to the content of this course, e.g.
Animation Project G1F 7.5 credits
Animation Project B11, Intermediate level 5 points

10 Additional Information
Further information will be available on the university’s website before a course is given.

National and local regulations for higher education are available on the university’s website.

Upon completion of the course there will be a follow-up. The main purpose of this follow-up is to contribute to improvements of the course. The students’ experiences and views constitute one of the criteria for the follow-up and are gathered by means of course evaluations. The students will be informed of the results of the follow-up and any decisions regarding actions that are to be taken.

11 Course Literature and Other Educational Materials
The course literature consists of a number of selected articles and/or book chapters. A list of these will be provided by the course coordinator and presented for each course set in the learning platform. Additional literature will be identified by the student and selected in consultation with a supervisor.
