After completed course the student should be able to:

- define and formulate a clear research question in
  the chosen field,
- against an external partner together with the tutor
  plan and implement a work linked to the issue,
- present a project for different audiences and
- analyse and reflect on the work process, the fi-
  nished actual work and its receiving in a written
  documentation.

3 Course Content
The purpose of the course is that the student will be
able to specialize in a field. Along with the tutor for-
mulates the student, in regard to the learning outcomes,
a creative project. The course includes an independent
work, which means that based on a description of the
project the student perform a creative project.

4 Forms of Teaching
The teaching comprises supervision, project work and
presentations.

Depending on the study period, the language of tui-
tion may be Swedish or English. Even if the teaching
is conducted in Swedish, some English may still occur.
